MEMORANDUM FOR: Chief, Physical Security Division

SUBJECT : Technology Branch Significant  
Accomplishments, FY-70

The following are some of the more significant accomplishments of the Technology Branch for FY-70 as requested by your memorandum.

1. The closed circuit TV system programmed for the Headquarters Building in FY-69 has been installed. Considerable time and effort were expended by the Branch throughout FY-70 in carrying the installation to a satisfactory completion.

2. The physical security parameters for a secure data distribution system in the Headquarters Building were completed in FY-70, with installation of the system to start in FY-71.

3. In response to the projected utilization of non-official cover, a testing program was undertaken to determine the secu-
